Thomas G. Reid, CPCM, JD

Tom Reid is Chief Problem Solver for Certified Contracting Solutions, LLC (CCS) headquartered in Denver, Colorado. CCS provides training, contract management services, and mentoring & marketing services to the government and its contractors. Tom completed a long term assignment in 2005 for the Department of Energy's Pantex plant in Amarillo, Texas where he was successful in leading a \$2.5 billion proposal for a five year contract extension.

Mr. Reid has worked for 29 years in government contracts and business operations. Following seven years as a Government attorney specializing in procurement, he has served as a senior executive in both large and small companies demonstrating expertise in contract management, business development, training, leadership development, legal and litigation management, strategic planning, and management of multi-million dollar business operations.

He is a Fellow with the National Contract Management Association, has served as co-chair of the Council of Fellows, and has served as a chapter officer in three different NCMA chapters. He recently concluded a two-year term as a member of the National Board of Directors for NCMA and was named NCMA's Outstanding Fellow for 2006. Mr. Reid is the lead author of *Selecting Contract Types*, published by NCMA, and numerous articles for *Contract Management* magazine. His latest book, *Government Contract Law Basics*, published by Management Concepts will be available this spring. He has spoken internationally on a vast variety of topics related to federal, commercial, and international procurement.

Mr. Reid holds a bachelors degree from Franklin and Marshall College, a Juris Doctorate from the University of Dayton School Of Law, and a Masters in Public Administration from the University of Houston. He has been a Certified Professional Contracts Manager since 1986. He is admitted to practice in Texas, before the Court of Federal Claims, and the US Supreme Court.
